## Introduction

This publication of a consolidated listing of hospitals and special care facilities provides a total picture of residential care facilities in Canada. Hospitals and related facilities are listed alphabetically according to municipality in Part I; Special Care Facilities are listed in the same format in Part II. The list includes hospitals and special care facilities in operation as of April 1, 1982.

This publication was prepared by the Institutional Statistics Section of the Health Division of Statistics Canada after the revision and updating of the previous year's inventory. Statistics Canada is grateful for the co-operation received from the provincial authorities for their assistance in the annual scrutiny of these lists.

Data appearing in this publication comprise only part of the information available on hospitals and special care facilities. A series of one quarterly, two annual and a number of occasional, non-catalogue reports are published by the Section. Unpublished data are available in either summary or indicator form by province, type and size of facility. Release of unpublished data is subject to the confidentiality provisions of the Statistics Act.

## Introduction

La liste englobe les hôpitaux et les établissements de soins spéciaux en activité au 1<sup>er</sup> avril 1982.

La Section de la statistique des établissements de la Division de la santé de Statistique Canada a établi la présente publication après avoir révisé et mis à jour la liste de l'année précédente. Statistique Canada tient à exprimer sa gratitude aux autorités provinciales pour la collaboration dont elles ont fait preuve en participant à l'examen annuel de ces listes.

Les données figurant dans la présente publication ne portent que sur une partie des renseignements disponibles sur les hôpitaux et les établissements de soins spéciaux. La Section publie un bulletin trimestriel, deux bulletins annuels et un certain nombre de bulletins hors série ne figurant pas au catalogue. Les données non publiées sont disponibles sous forme de résumé ou d'indicateurs selon la province, le genre et la taille de l'établissement. La diffusion des données non publiées est assujettie aux dispositions relatives à la confidentialité de la Loi sur la statistique.

## EXPLANATORY NOTES AND GLOSSARY

This publication was prepared by the Institutional Statistics Section of the Health Division of Statistics Canada. Statistics Canada is grateful for the co-operation received from the provincial hospital authorities for their assistance in the annual scrutiny and revision of this list. The list includes hospitals in operation as of April 1, 1982.

Hospitals and facilities for the provision of out of hospital insured services are listed alphabetically according to municipality.

**A hospital.** Is defined as a health care institution where patients are accommodated on the basis of medical need and are provided with continuing medical care and supporting diagnostic and therapeutic services and which is licensed or approved as a hospital by a provincial government, or is operated by the Government of Canada. This definition includes mental institutions.

**A facility for the provision of out of hospital insured services.** Is a facility where patients are provided with diagnostic and therapeutic services and which is licensed or approved by a provincial government. Such a facility does not normally provide inpatient accommodation. This category also includes the Red Cross Blood depots.

**Name.** Official name of institution — Definite articles at the beginning of hospital names, even when correctly considered as part of the designations, have been omitted to facilitate reference.

### Category

**Public (including voluntary, provincial and municipal).** Applies to a hospital recognized by the province as a "public hospital". Such a hospital generally is not operated for profit.

**Proprietary.** Applies to a hospital owned by an individual or by a private organization, operated for a profit and recognized by the provinces as a "proprietary hospital".

**Federal.** Applies to a hospital owned by a department or agency of the Government of Canada and operated on a non-profit basis.

### Type of Service

Classification is according to the predominant type of treatment and care provided by the institution.

## NOTES EXPLICATIVES ET GLOSSAIRE

La présente publication a été rédigée par la Section de la Statistique des établissements de la Division de la santé de Statistique Canada. Statistique Canada remercie les autorités hospitalières provinciales de l'avoir aidé dans la vérification et la révision annuelle de cette liste. La liste comprend les hôpitaux en activité au 1<sup>er</sup> avril 1982.

Les hôpitaux et les établissements dispensant aux assurés des soins à l'extérieur de l'hôpital sont inscrits par ordre alphabétique selon la municipalité.

**Hôpital.** Se définit comme un établissement qui reçoit des personnes requérant des soins médicaux et leur dispense de façon continue ces soins ainsi que les services diagnostiques et thérapeutiques d'appoint et qui est enregistré ou reconnu comme hôpital par une province ou administré par le gouvernement du Canada. Cette définition englobe les établissements psychiatriques.

**Établissement dispensant aux assurés des soins à l'extérieur de l'hôpital.** Établissement qui dispense aux malades des services diagnostiques et thérapeutiques et qui est enregistré ou reconnu par le gouvernement provincial. Ce genre d'établissement n'assure pas normalement de services d'hospitalisation. Cette catégorie englobe également les banques de sang de la Croix-rouge.

**Nom.** Nom officiel de l'établissement — L'article défini précédant le nom de l'hôpital, même s'il doit normalement être considéré comme partie intégrante du nom, a été omis afin de faciliter les recherches.

### Catégorie

**Public (s'applique aux hôpitaux privés sans but lucratif, aux hôpitaux provinciaux et aux hôpitaux municipaux).** Hôpital reconnu par la province comme "public". Un tel hôpital ne vise ordinairement pas à réaliser des bénéfices.

**Privé à but lucratif.** S'applique aux hôpitaux reconnus par la province comme "privés à but lucratif"; il s'agit d'un hôpital qu'un particulier ou un organisme privé possède et exploite en vue de réaliser des bénéfices.

**Hôpital fédéral.** Hôpital appartenant à un ministère ou à un organisme du gouvernement du Canada et ne visant pas à réaliser des bénéfices.

Facilities

Répertoire des établissements  
de soins spéciaux

## EXPLANATORY NOTES AND GLOSSARY

The Institutional Statistics Section of the Health Division of Statistics Canada is grateful for the co-operation received from the provincial health and social services authorities for their assistance in the revision of this list. The list includes special care facilities in operation as of April 1, 1982.

Special care facilities are listed alphabetically according to municipality.

In this document only RESIDENTIAL Special Care Facilities are included which maintain four or more beds for residents other than members of staff and which provide care to at least one resident. These facilities are, in general, maintained for people, chronically ill or disabled who reside there more or less permanently, in contrast to, for example, a hospital where patients are accommodated on the basis of medical need and are provided with continuing medical care and supporting diagnostic and therapeutic services.

### Principal Characteristics

Residents are classified into 9 categories. Each category is the principal characteristic of the predominant group which comprises the largest number of residents in the facility.

|          |  |
|----------|--|
| Aged     | Aged (residents who require care principally because of the aging process) |
| Phs Hand | Physically handicapped and/or disabled including blind and deaf            |
| Retarded | Mentally retarded  |
| Mnt Hand | Mentally handicapped   |
| Dst Chld | Emotionally disturbed children   |
| Alc/Drug | Alcohol/Drug Problems  |
| Delinq   | Delinquents  |
| Transnts | Transients   |
| Other    | Others (incl. Unwed Mothers)   |

### Ownership

The owner of the facility is the person, group of persons, agency or body responsible for the financial status of the operation.

**Prop — Proprietary.** Private individual, partnership or corporation regardless of financial aid received by owner or residents and operated for a profit.

## NOTES EXPLICATIVES ET GLOSSAIRE

La Section de la Statistique des établissements de la Division de la santé de Statistique Canada remercie les autorités des services sociaux et de santé des provinces de l'avoir aidé à réviser la liste. Les établissements de soins spéciaux figurent par ordre alphabétique selon la municipalité.

Le présent document, ne tient compte que des Établissements RÉSIDENTIELS de soins spéciaux comprenant au moins quatre lits pour les résidents autres que les membres du personnel et où des soins sont prodigués à au moins un résident. Ces établissements sont habituellement destinés à des malades ou à des invalides chroniques qui y séjournent de façon plus ou moins permanente, par opposition, par exemple, à l'hôpital où les patients sont admis en fonction de leurs besoins médicaux et reçoivent des soins médicaux continus ainsi que des services diagnostiques et thérapeutiques.

## INTRODUCTION

This publication of a consolidated listing of hospitals and special care facilities provides a total picture of residential care facilities in Canada. Hospitals and related facilities are listed alphabetically according to municipality in Part I; Special Care Facilities are listed in the same format in Part II. The list includes hospitals and special care facilities in operation as of April 1, 1983.

This publication was prepared by the Institutional Statistics Section of the Health Division of Statistics Canada after the revision and updating of the previous year's inventory. Statistics Canada is grateful for the co-operation received from the provincial authorities for their assistance in the annual scrutiny of these lists.

Data appearing in this publication comprise only part of the information available on hospitals and special care facilities. A series of one quarterly, two annual and a number of occasional, non-catalogue reports are published by the Section. Unpublished data are available in either summary or indicator form by province, type and size of facility. Release of unpublished data is subject to the confidentiality provisions of the Statistics Act.

La présente publication, qui constitue une liste combinée des hôpitaux et des établissements de soins spéciaux, porte sur l'ensemble des établissements de soins pour malades hospitalisés au Canada. Les hôpitaux et les établissements connexes y figurent par ordre alphabétique selon la municipalité dans la partie I, et les établissements de soins spéciaux dans la partie II, selon la même présentation. La liste englobe les hôpitaux et les établissements de soins spéciaux en activité au 1<sup>er</sup> avril 1983.

La Section de la statistique des établissements de la Division de la santé de Statistique Canada a établi la présente publication après avoir révisé et mis à jour la liste de l'année précédente. Statistique Canada tient à exprimer sa gratitude aux autorités provinciales pour la collaboration dont elles ont fait preuve en participant à l'examen annuel de ces listes.

Les données figurant dans la présente publication ne portent que sur une partie des renseignements disponibles sur les hôpitaux et les établissements de soins spéciaux. La Section publie un bulletin trimestriel, deux bulletins annuels et un certain nombre de bulletins hors série ne figurant pas au catalogue. Les données non publiées sont disponibles sous forme de résumé ou d'indicateurs selon la province, le genre et la taille de l'établissement. La diffusion des données non publiées est assujettie aux dispositions relatives à la confidentialité de la Loi sur la statistique.

## NOTES EXPLICATIVES ET GLOSSAIRE

La présente publication a été rédigée par la Section de la Statistique des établissements de la Division de la santé de Statistique Canada. Statistique Canada remercie les autorités hospitalières provinciales de l'avoir aidé dans la vérification et la révision annuelle de cette liste. La liste comprend les hôpitaux en activité au 1<sup>er</sup> avril 1983.

Les hôpitaux et les établissements dispensant aux assurés des soins à l'extérieur de l'hôpital sont inscrits par ordre alphabétique selon la municipalité.

**Hôpital.** Se définit comme un établissement qui reçoit des personnes requérant des soins médicaux et leur dispense de façon continue ces soins ainsi que les services diagnostiques et thérapeutiques d'appoint et qui est enregistré ou reconnu comme hôpital par une province ou administré par le gouvernement du Canada. Cette définition englobe les établissements psychiatriques.

**Établissement dispensant aux assurés des soins à l'extérieur de l'hôpital.** Établissement qui dispense aux malades des services diagnostiques et thérapeutiques et qui est enregistré ou reconnu par le gouvernement provincial. Ce genre d'établissement n'assure pas normalement de services d'hospitalisation. Cette catégorie englobe également les banques de sang de la Croix Rouge.

**Nom.** Nom officiel de l'établissement - L'article défini précédant le nom de l'hôpital, même s'il doit normalement être considéré comme partie intégrante du nom, a été omis afin de faciliter les recherches.

Part II

List of Special Care  
Facilities

Partie II

Répertoire des établissements  
de soins spéciaux

## EXPLANATORY NOTES AND GLOSSARY

The Institutional Statistics Section of the Health Division of Statistics Canada is grateful for the co-operation received from the provincial health and social services authorities for their assistance in the revision of this list. The list includes special care facilities in operation as of April 1, 1983.

Special care facilities are listed alphabetically according to municipality.

In this document only RESIDENTIAL Special Care Facilities are included which maintain four or more beds for residents other than members of staff and which provide care to at least one resident. These facilities are, in general, maintained for people, chronically ill or disabled who reside there more or less permanently, in contrast to, for example, a hospital where patients are accommodated on the basis of medical need and are provided with continuing medical care and supporting diagnostic and therapeutic services.

### Principal Characteristics

Residents are classified into nine categories. Each category is the principal characteristic of the predominant group which comprises the largest number of residents in the facility.

|          |  |
|----------|--|
| Aged     | Aged (residents who require care principally because of the aging process) |
| Phs Hand | Physically handicapped and/or disabled including blind and deaf            |
| Retarded | Mentally retarded  |
| Mnt Hand | Mentally handicapped   |
| Dst Chld | Emotionally disturbed children   |
| Alc/Drug | Alcohol/Drug Problems  |
| Delinq   | Delinquents  |
| Transnts | Transients   |
| Other    | Others (incl. Unwed Mothers)   |

### Ownership

The owner of the facility is the person, group of persons, agency or body responsible for the financial status of the operation.

**Prop - Proprietary.** Private individual, partnership or corporation regardless of financial aid received by owner or residents and operated for a profit.

## NOTES EXPLICATIVES ET GLOSSAIRE

La Section de la Statistique des établissements de la Division de la santé de Statistique Canada remercie les autorités des services sociaux et de santé des provinces de l'avoir aidé à réviser la liste. La liste comprend les établissements de soins spéciaux en activité au 1<sup>er</sup> avril 1983.

Les établissements de soins spéciaux figurent par ordre alphabétique selon la municipalité.

Le présent document, ne tient compte que des établissements RÉSIDENTIELS de soins spéciaux comprenant au moins quatre lits pour les résidents autres que les membres du personnel et où des soins sont prodigués à au moins un résident. Ces établissements sont habituellement destinés à des malades ou à des invalides chroniques qui y séjournent de façon plus ou moins permanente, par opposition, par exemple, à l'hôpital où les patients sont admis en fonction de leurs besoins médicaux et reçoivent des soins médicaux continus ainsi que des services diagnostiques et thérapeutiques.

### Principales caractéristiques

Les résidents sont classés en neuf catégories. Chaque catégorie constitue la caractéristique principale du groupe prédominant, qui englobe le plus grand nombre de résidents dans l'établissement.

|          |  |
|----------|--|
| Aged     | Personnes âgées (résidents qui ont besoin des soins en raison surtout du vieillissement) |
| Phs Hand | Handicapés physiques et/ou invalides, y compris les personnes aveugles et sourdes        |
| Retarded | Arriérés mentaux   |
| Mnt Hand | Handicapés mentaux   |
| Dst Chld | Enfants souffrant de troubles émotifs  |
| Alc/Drug | Alcooliques/toxicomanes  |
| Delinq   | Délinquants  |
| Transnts | Personnes itinérantes  |
| Other    | Autres (inc. mères célibataires)   |

### Propriété

Le propriétaire de l'établissement est la personne, le groupe de personnes, l'organisme ou la personne morale responsable de l'établissement sur le plan financier.

**Prop - Propriété privée.** Particulier, association ou société constituée en corporation, quelle que soit l'aide financière accordée au propriétaire ou aux résidents, qui exploite l'établissement en vue de réaliser des bénéfices.
